WELCOME TO THE DEMOCRATIZATION
OF BITCOIN MINING!

In this material, we will concisely present Life Miner and its business plan.

✓ **ABOUT US**

Life Miner is a leading Bitcoin mining company aiming to become a global reference in blockchain transaction validation through its innovative bitcoin mining tokenization business model. Utilizing high-security, energy-efficient Data Centers, the company tackles the challenges of the Bitcoin mining market, democratizing participation in the billion-dollar crypto industry for clients and partners.

✓ **Company Journey:**

- Established in 2017, Life Miner evolved from a home-office Bitcoin mining setup to a fully-fledged farm capable of hosting thousands of machines.
- In 2023, Life Miner introduces a groundbreaking innovation: tokenization of mining power through Mining Plans.

✓ **Mining Plans:**

- Provides worldwide access to Bitcoin mining without technical expertise or the need to purchase expensive machines or cover energy costs.
- Tokenization allows plan holders to participate in the daily Rewards Pool generated by Life Miner's mining power.
- All mining plans are available in multiples of 50 dollars, allowing users to purchase as many plans as desired, starting from \$50. This means you can choose from various options, such as \$50, \$100, \$150, \$200, \$1,000, \$10,000, and so on.

✓ **Location:**

- Based in a Paraguayan industrial park in Hernandarias, Life Miner stands as the world's first Bitcoin miner to tokenize its mining power, leading the cryptocurrency mining sector into a new era.

In this material, we will concisely present Life Miner and its business plan.

✓ Infinity Leadership Bonus:

- Calculated based on daily earnings generated by the Rewards Pool from the entire team, including direct and indirect members.
- Qualification levels and team volume requirements determine bonus percentages, extending infinitely.

This bonus is calculated based on the daily earning volume of the Rewards Pool generated by your team, including direct and indirect members. If you are a qualified M3 and one of your direct referrals is classified as M1, you will receive a commission equivalent to the difference between the two classifications (15% of M3 - 5% of M1), resulting in a percentage of 10% on all daily earnings from the M1. However, if your direct referral is in the same classification as you (i.e. also M3), you will not receive any commission from their team.
